PROFESSIONAL SUMMARY

Detail-oriented BCA final-year student with hands-on experience in Python development, web technologies, and database management. Proven ability to build academic projects using real-world logic and problem-solving skills. Seeking an entry-level IT or software role.

EDUCATION

Pursuing Bachelor of Computer Applications (BCA) from L.N Mishra College of Business Management – (2023-2026)

Senior Secondary (12th), CBSE – 2023 Secondary
(10th), CBSE – 2021

TECHNICAL SKILLS

Programming Languages: Python, C
Web Technologies: HTML, CSS, JavaScript
Database: MySQL
Tools: Git, GitHub, VS Code
Core Concepts: OOPs, DBMS, Computer Networks, Operating Systems

PROJECTS

Library Management System – Python

- Developed a Python-based application to automate library operations such as book issue, return and tracking.
- Implemented modular programming for better code readability and maintenance.
- Strengthened understanding of file handling, functions, and logical workflows. GitHub:https://github.com/manas2801/library-management-system-python

Attendance Management Web Application

- Designed and developed a web-based system to record and manage student attendance.
- Built responsive user interfaces using HTML, CSS, and JavaScript.
- Ensured accurate data handling and validation logic.
GitHub: https://github.com/manas2801/attendance-web-app

Student Management System – Python

- Created a Python-based application to manage student records efficiently.
- Implemented CRUD operations (Create, Read, Update, Delete).
- Focused on data organization, error handling, and program flow. GitHub:https://github.com/manas2801/student_management

Personal Portfolio Website

• Developed a responsive personal portfolio website to showcase projects and skills.
• Implemented clean UI design and structured layout using HTML and CSS.
• Improved accessibility and responsiveness across device.
  GitHub:https://github.com/manas2801/portfolio-website

CERTIFICATIONS

• TCS iON Career Edge – Young Professional
• Web Development Certification – Udemy
• Data Science using Python – NPTEL (Ongoing, starts January)
